

School Travel Plans 2021-2022

The aims of the School Travel Programme:

1. Significantly reduce the number of car trips on journeys to and from schools
2. Remove the barriers, both perceived and actual, to walking, cycling and using public transport for school journeys.
3. Increase the number of young people and adults choosing 'active travel' options over that of the car.
4. Increase understanding among whole school communities of the travel options that are available to them.
5. Provide information to allow school communities to understand the benefits of active, sustainable transport and to use this information to inform how they choose to travel.

The benefits of having a STP

1. A STP promotes sustainable and safer transport for the whole school community.
2. A STP can result in: less cars and congestion around the school site
3. Healthier, more active pupils, families and staff
4. Less pollution around the school
5. Safer walking and cycling routes around the school
6. Improved school grounds with provision for bicycle storage (where possible)

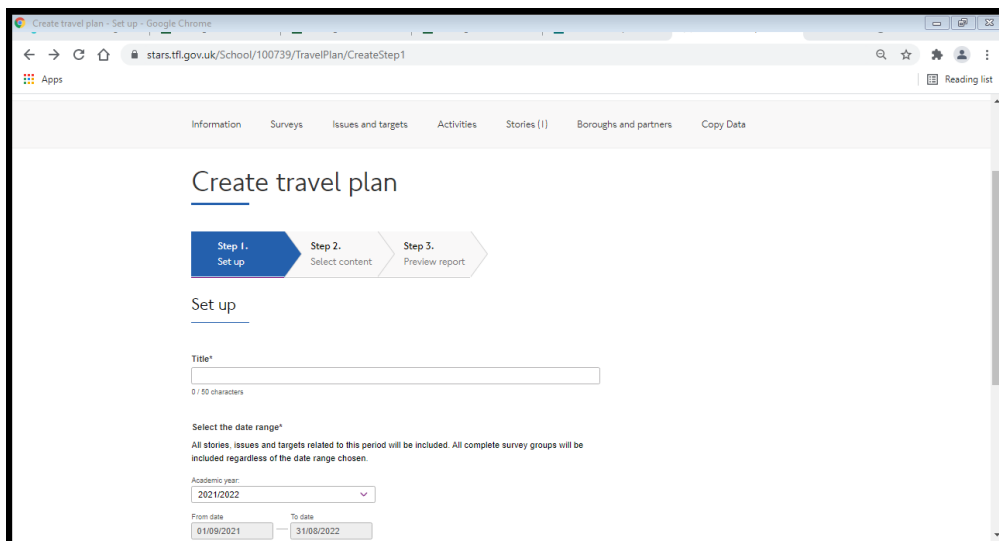

What is your school already doing?

This section should include details of any school travel related activities that your school already carries out:

1. Do you take part in Walk to School Week activities – if so, what have you done in the past? (eg assemblies, stickers, curriculum work)
2. If you have cycle storage, how well is it used/promoted?
3. Do your pupils receive cyclist or pedestrian training?
4. Do you have a policy of using sustainable transport for school trips/excursions?
5. Do you provide information to staff/new recruits/agency staff/visitors on how to get to your school by public transport?
6. Does your prospectus discourage car use for the school run?
7. Do you have a walking bus? If so, how/where does it run? How many volunteers/children are involved?
8. Curriculum – what do you currently do to teach road safety and /or environmental education? Do pupils have any lessons which have a transport theme?
9. Does the school have a School Crossing Patrol? If so, where are they located?
10. Do you run any campaigns to tackle parking issues around the school?

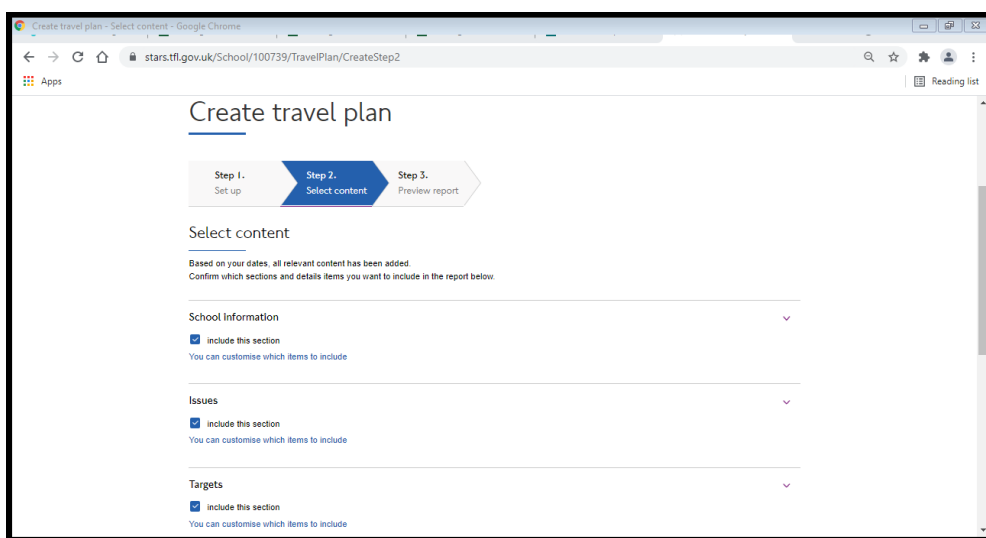

Your School Travel Plan can be updated in a few very simple steps. Please use the guidance below to update and review your School Travel Plan for 2021-2022.

STEP 1:

The screenshot shows a web browser window with the URL stars.tfl.gov.uk/School/100739/TravelPlan/CreateStep1. The page title is "Create travel plan". A progress bar at the top shows three steps: "Step 1. Set up" (highlighted in blue), "Step 2. Select content", and "Step 3. Preview report". Below the progress bar, the "Set up" section contains a "Title*" input field with a character count of "0 / 50 characters". Below that is a "Select the date range*" section with a note: "All stories, issues and targets related to this period will be included. All complete survey groups will be included regardless of the date range chosen." The "Academic year" is set to "2021/2022". The "From date" is "01/09/2021" and the "To date" is "31/08/2022".

STEP 2:

The screenshot shows a web browser window with the URL stars.tfl.gov.uk/School/100739/TravelPlan/CreateStep2. The page title is "Create travel plan". The progress bar at the top shows three steps: "Step 1. Set up", "Step 2. Select content" (highlighted in blue), and "Step 3. Preview report". Below the progress bar, the "Select content" section contains a note: "Based on your dates, all relevant content has been added. Confirm which sections and details items you want to include in the report below." There are three sections: "School Information" with a checked box "include this section" and a note "You can customise which items to include"; "Issues" with a checked box "include this section" and a note "You can customise which items to include"; and "Targets" with a checked box "include this section" and a note "You can customise which items to include".

STEP 3:

Preview STP and 'Generate Report' at the end of the page
